SPONSORSHIP DETAILS INSIDE

Proceeds of this event benefit the

**NATIONAL CAPITAL
PHYSICIANS FOUNDATION**
dedicatedtohealth.org

MISSION

Initiated by the Montgomery County Medical Society, the **National Capital Physicians Foundation** was formed in 2016 as a not-for-profit 501(c)(3) foundation whose mission and goal is to advance the practice of medicine and improve population health in the national capital region through education, research and innovation.

PURPOSE

The purpose of the **National Capital Physicians Foundation** is for educational and research activities and such other charitable purposes as the Board may determine from time to time within the meaning of section 501(c)(3) of the Internal Revenue Code. The educational and research activities of the Foundation will be related to:

- Enhancing the health and wellbeing of physicians;
- Enhancing the health of the citizens of the national capital region;
- Improving quality and increasing the accessibility of medical and health services to the general public;
- Conducting educational programs to enhance the knowledge of physicians and/or the public about health care issues;
- Encouraging and funding research and innovation in health care and technology;
- Encouraging and developing physician leadership programs;
- Assisting in disaster planning, coordination and response;
- Receiving and maintaining funds to use to fund other tax-exempt organizations which share the mission of the Foundation;
- Promoting volunteerism among medical and health professions; and
- Establishing fundraising.

PROGRAM DEVELOPMENT

In a 2014 study conducted by Mayo & the AMA, 54.4% of physician respondents indicated they were exhibiting at least one symptom of burnout. In MCMS's 2016 Physician Practice Survey, 53.7% of physician respondents indicated they are experiencing moderate to high levels of burnout. As a result, initial efforts of the National Capital Physicians Foundation are focused on development of a physician counseling and coaching service for those suffering from practice stress and burnout. This confidential, no-insurance filed approach was initiated in November, 2017 and has been used by many physicians.

Two new areas of focus are immunization compliance in the region, and health insurance literacy. These important initiatives will be serve the public's interest and will be rolled out in later 2020.

YOUR COMPANY'S DONATIONS ARE TAX- DEDUCTIBLE

The **National Capital Physicians Foundation** encourages your company to support the mission of NCPF through your tax-deductible donations to the NCPF's fundraiser.

We are able to accept your tax-deductible donation in the following ways:
